

ELASTIC NETTING

Elastic Netting - high strength polyester for versatility in the production and shipping of products.

HACCP
ELOT 1416-2000
Certificate No.03.12-058

SERIES A

- For the packaging of boiled meat (ham, sausages).
- Provide a consistent look for your products.

SERIES B

- For the packaging of roasted meat (turkey, chicken, beef).
- Due to its consistency it can withstand the extreme roasting temperatures.

SERIES C

- For the packaging of smoked meat (ham, bacon).
- We have crafted the weaving process utilizing monofilament to provide strength, durability and enhanced smoked application.
- The translucency of the monofilament increases the visual reference of your product making it appear evenly textured.

All products of series A, B and C are made of cotton or polyester yarns and natural food grade rubber threads. They are available in white, red, black and beige. Two colour combinations are possible.

STOCK FIL SERIES

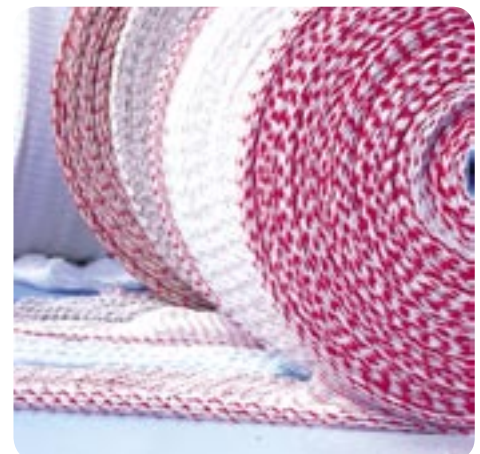

- Suitable for the packaging of smoked meat (ham).
- Stock fil netting cover a wide variety of applications.
- This unique product will stabilise your ham if tumbled. Eliminates the need for expensive collagen film during processing.
- It helps maintaining moisture in product, enhances texture and provides excellent smoke penetration.
- Available in white, red, black and brown.
- Two colour combinations possible.

CHICKEN LOOPS

- For the packaging of chicken and turkey.
- Elastic loops are available in sizes of 5-15,5 cm.
- Made of polyester or cotton yarns and natural food grade rubber threads.

PESANTE SERIES

- For the packaging of boiled and roasted meat (turkey, chicken, beef).
- A reinforced net which provides extra stability.
- Technical characteristics similar to series A and B with addition of double rubber and double lockstitch being used on the edge.
- Available in white, red and black.
- Two colour combinations possible.

ROOT BALL NETTING		
Type	Tube diameters	Raw materials
F/5	110 - 450	Polyester, cotton or combination of both
F/3		
A/5		
A/4		

CHICKEN RINGS/ELASTIC LOOPS					
Product	Raw material	Rubber covering	White	Red	Application
C	Cotton	Single	•	•	Chicken/ Turkey
C	Cotton	Multiple	•	•	
P	Polyester	Single	•	•	
3G	Polyester	Multiple	•	•	

All Elastic Nettings are available loose in cartons or in rolls of 50 m (other packaging possible upon request)

MICROMESH SERIES

- Suitable for the packaging of smoked meat (ham, bacon) and roasted meat (turkey, chicken, beef).
- Micromesh products offer superior performance when consistent visual pattern and binding pressure is required. Specially designed for easier net removal over the product where meat and net come in contact. For roasted and boiled meat packaging applications.
- Made from cotton or polyester yarns and natural food grade rubber threads.
- Available in white, red and black.
- Two colour combinations possible.

S AND STS SERIES

- For the packaging of salami.
- The main characteristic of this product is its light weight and the sparse squares which allow great visual pattern of the product.
- Series S and STS are made of cotton or polyester yarns and natural food grade rubber threads.
- A cost effective net especially designed for the packaging of Salami.
- Fitting tube diameter from 90 – 280 mm.

SERIES E

- For the packaging of boiled and roasted meat (turkey, chicken, beef).
- Series E is an innovative product with both vertical and horizontal elasticity in order to provide a more consistent look for your products.
- Made of polyester yarns and natural food grade rubber threads.
- Available sizes for fitting tube diameters 60 – 90 mm.

SERIES A, B, C AND PESANTE SERIES

Category	Number of Stiches			Number of Squares	Fitting Tube in mm	Raw Material		
	Between two successive rubbers 2, 3 or 5					Polyester	Cotton	Monofilament
A, B, C	2	3	5	12 - 28	90 - 250	•	•	• (only series C)
Pesante	2	3	5	12 - 28	90 - 250	•	•	

MICROMESH AND STOCK FIL SERIES

Category	Inches	Size in mm	Fitting Tube in mm	Number of rubbers within 10 cm length			Raw Material		
				Economic	STD	Plus	Polyester	Cotton	Monofilament
Micromesh	4.5 - 11.0	-	110 - 275	11	13	15	•		
Stock Fil	-	100 - 270	-	-	-	-	•		

The code of a product is determined by the elements of the headings on the tables above. Example: Pesante 3/14/B/RW indicates a net from category B, with 3 Stiches between 2 successive rubbers, 14 squares, made of cotton (B = cotton, P = polyester), with white chains vertically and red horizontally.
